

Please Vote for the HOSPITAL TAX RENEWAL

THIS IS NOT A NEW TAX!

Early Voting: November 2-9 | General Voting: November 16

For nearly 50 years, LaSalle General Hospital has provided the building, technology, and trained professional staff to meet the healthcare needs of our community. As a part of our commitment to providing extraordinary care, we are **enhancing our Emergency wing, introducing new services, and welcoming new staff.** This has been made possible in part due to an **existing tax** that provides much-needed funding for hospital operations.

In addition to providing life-changing medical services, LGH is a major local employer, and a citizen of the business community, actively participating in and supporting community events.

GROWING FOR GENERATIONS TO COME

Acute | Ambulance | Cardiology | Emergency | Employer Solutions | Family Medicine | Home Health
Mental Health | Nephrology | New Vision | Outpatient | Pediatrics | Rural Health Clinic
Senior Behavioral Health Unit | Surgery | Therapies & Fitness | Urology
